New Business:

No new business for this month's meeting.

Public Comments:

Deputy Yates showed a statistical report showing activity in Deweyville Town for September 2021 vs. September 2020. Chart reads nothing much out of regular order. Deputy Yates introduced Parker Nessen to council. Deputy Yates asked if there was any town concerns he needed to report to his agency. There was none.

Council Member Reports:

13. Lesley Kendrick (Town) – absent

14. Nate Spackman (Water) – no water issues to report, well is holding good. Reporting for Jared Doman on current road issues (10200 N – many new future water connections would cut into road about half way to get to main line, so it was best decided that the entire road be redone. The town will pay for their portion and the Rindlisbacher Subdivision will pay for their portion to have the road widened. The road will be shifted 2 feet to the North and 2 feet to the South to widen the road the necessary 4 feet. Drainage and collection boxes on the north can still be accessed. This plan also keeps the road from all the power poles. Healey’s are pleased with this road move too.

15. Jared Doman – (Park) – absent

16. Carolyn Taylor (Web) – will be attending a convention in Park City next week for mosquito abatement committee; has signed the new contract for the tourism grant which must be completed one year from contract signing date.

17. April Litchford (Cemetery) – engineering plan for the cemetery has been completed allowing us to move ahead with bids for sprinkling system. May have to split up project between 2 contractors, one for sprinkler system and one for pump system. There is a possibility of putting 2 new pumps in the current wet well. System will be filtered as to our needs. Will check with Bear River Canal Company to see about shares for adding a second pump.
