Council Member Spackman answered his questions.

Council Member Nate Spackman made motion to approve the monthly bills with the addition of RMP and Regen & Assoc. Council Member April Litchford seconded the motion. Motion passes. All approved

Aye Votes: Council Member Litchford Council Member Doman
 Council Member Taylor Council Member Spackman

New Business:

4B. Deputy Yates – provided stats for January 2020 vs January 2021. All looks to be in order. Deputy Yates is being promoted to a different job but will come to introduce whoever is assigned to our region. Mayor Kendrick expresses thanks for all he has done for the community.

5. Cemetery Digitization – Brandon Tremelling (Jones & Associates) – presented to the council some cemetery mapping capabilities using Uintah City Cemetery as an example. Map shows layout of cemetery, zooming in to see section numbers and plots. There is an option for an interactive map for town sexton and/or map published for community use. All customizable to what the town needs. Town has a grant to help with some of these costs. Asst. Recorder Kristen feels that it would be best to start simple and then grow into something more. Town would like a map published at cemetery and online mapping and recording by town recorders and verification for now. A GIS mapping coordinator will be involved for aerial mapping. Town provided Brandon with our most current map to scan and return. Moving forward Brandon will work with Council Member April Litchford with the primary contact being deweyville@digis.net.
6. Brad Burbank Mylar – Mayor had council look at the mylar to see if anything needs to be corrected before they prepare the final mylar. Council had approved former mylar in September 2021: Lot 1 formerly approved, Lot 2- current Burbank home; Lot 3 (the remaining parcel) needs to be 10 acres total which includes a patch across the railroad tracks to make lot conforming (although should be contiguous acres).
7. Truth in Taxation – talked about raising taxes at last meeting. CBEFD will be increasing the roof top fees and town will need to budget for the increase if the town continues to pay. Mayor will be discussing this with our accountant next week. We have the lowest tax rate in the county.
8. Envision the Future – Mayor asks for ideas from council of what they would like Deweyville to look like in the next 10-15 years. This would help in rewriting the town master plan.
9. Celebrations 2022 – Mayor named former celebrations and asked if there needed to be any additions or changes: Easter Egg Hunt - Memorial Day (Jared will contact veterans for May 2022), - July 4th- some residents would like to see baseball games, or themed float entries - Halloween Trunk or Treat -December Tree Lighting.
Some improvements need to be made on the basketball court like paint and nets; sidewalk around restrooms and cook shack, eliminating gravel would make this ADA Compliant.
10. Bids for Park & Cemetery Improvements – continue getting bids for budgeting purposes. Council Member Doman asked about the previously budgeted cost for pump filter.

Public Comments: P & Z Chairman, Curt Whiteford, informed the town council of happenings at the last P & Z Meeting:

- McMurdie Subdivision Phase I is near completion and asks the council about the installation of lamp posts as mylar depicts and as council had previously approved mylar. Becky McMurdie said she had asked some of the residents in Phase I and many oppose the lamp post idea. If installed the town would be responsible to pay all electrical lighting costs. Council Member Wheatley suggests polling the residents in this subdivision to see what they would like.
- Tyson Gardner received approval to divide his property (next to Nate Spackman) into 2 conforming lots.
- Revisions to the Deweyville Land Management code book has been sent to John Janson for his review and approval. Hopes to have it reviewed by March.

Mayor Kendrick expressed appreciation to the P & Z members for all the work they do.

Council Member Reports:

13. Lesley Kendrick – read Certificate of Beneficial Use from the State of Utah, water right contract (#29-1244 (A31452) as Deweyville Town Ownership for the underground water well from Jan 1 to Dec 31, 2022. Council Member Nate Spackman will record this with the county. Tourism Grants applications are now being accepted. Smaller grant could be used for cement walkways, larger grant could possibly be used for a splash pad. Council Member Doman felt that maintenance on a splash pad would be expensive. Council Members Spackman and Doman will do further research on this. Council Member Les Wheatley is over grant writing and will contact Karen Nelson, a Mantua grant writer for ideas.

14. Nate Spackman - wells are looking good. In case of an emergency, Colyn Knudsen will be over shutting the valves off.

15. Jared Doman – project bids are due in April. Will get bids on a pole barn garage to park town vehicles in; There may be a possibility of leasing Hobart's large garage for this purpose; frisbee golf with landing will be completed.

16. Les Wheatley – attended the Mosquito Abatement meeting and also attended P & Z Meeting, was very impressed on how the P & Z committee wants to help the residents of this town.

17. April Litchford -. nothing to report.

Adjourn:

Council Member Nate Spackman made motion to adjourn tonight's meeting.

Council Member Jared Doman seconded the motion. Motion passes. All approved.

Aye Votes:	Council Member Doman	Council Member Litchford
	Council Member Wheatley	Council Member Spackman

Adjourn: 8:47 PM
